## SUMMARY

I am a full-stack web developer with a passion for learning new technologies and solving new problems.

## PROJECTS

### **decidOR** — *decidor.herokuapp.com*

- Helps users to make decisions from large sets of choices
- Built over two weeks with three fellow developers at Momentum
- Learned to integrate Vue CLI with Django and make frontend API requests
- Prioritized accessibility and responsive design

## EXPERIENCE

### **Momentum Learning**, Durham, NC — *Full-Stack Software Engineering Student*

MAY 2019 - AUGUST 2019

Dedicated 12 weeks to learning Full-Stack Engineering practices for building and maintaining websites and web applications in an immersive coding program.

Completed daily and weekly technical projects solo, in pair programming, and in group settings to learn and gain knowledge around current development tools, techniques and best practices.

### **Public & Charter Schools**, Greensboro & Graham, NC; Brooklyn, NY; Washington, DC; — *Special Education Teacher*

August 2009 - MAY 2019

Taught 6+ years as a special education teacher, primarily in low-income, underserved communities; additional 2+ years teaching abroad and tutoring.

Served as department head at multiple schools and consistently collaborated with teacher and leadership teams while producing measurable student results.
